Comments	<input type="text" value="This is an airfield not a race track why has this been aloud to happen it started as bicester heritage which was all about using the airfield and restore if the buildings. Not it's called bicester motion and all about cars. What do you think the noise will be like from cars running round all weekend. Caversfield is a village. This will go ahead because the local council have no backbone to say no. I say no to this as I don't want to listen to car on a sunny day going round and round."/>
