Comments:
The noise and disruption Bicester Motion (heritage) brings to local residents is already significant. Further development to the site is only going to negatively impact the local residents further.

When events are on access to and from Caversfield is difficult.

The noise levels are ridiculous when cars are on track, and with more and more people working from home surely this needs to be considered.

At no point do Bicester motion consult with residents and take their opinion into any consideration.
