Address	<input type="text" value="4 Fircroft, Bicester, OX26 3XX"/>
Type of Comment	<input type="text" value="Objection"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="i am concerned about the noise this proposal will cause. In 2020, Bicester Heritage held an unauthorised event, involving Formula 1 type cars racing around the tracks for a whole weekend, the noise was unbearable and it ruined what was at the time one of the last sunny weekends of the year. I complained to Cherwell about this who investigated this with Bicester Heritage, they admitted this was an unauthorised event but they went ahead anyway, without any thought to how it would impact people living locally. This will happen time and again, how will we be compensated for the natural depression in house prices? These events are going to happen in the summer when people want to be outdoors, when the 2020 event happened, I was working at home holding Team meetings, I could not hear or be heard over the noise of cars racing on the tracks and local roads on the Friday of the event. I don't care what the planning application says about noise cancelling technology or other measures, this is not going to be able to stop the noise from noisy racing cars. Once its built, that will be it. This planning application cannot go ahead."/>
