Dear Rebekah

As Case Officer for the above planning application I wish to make you aware of the present noise that residents from Stratton Audley experience from Bicester Aerodrome based at Bicester Motion, I have already commented on the above but unfortunately your website does not accommodate all files, please see attached file.

The noise is becoming unbearable even though emails have been sent to Bicester Aerodrome and the site owner Mr D.Geoghegan regarding the flying directly over our village, in the past we were given assurances this would not happen but still does to date. The movie shows the noise and plane above the village, if this application is passed the noise and air traffic from the airfield will increase, surely the aim here is to protect the Stratton Audley conservation area?

Regards

Stephen Smith
