| Comments | <input type="text" value="I object to this application On the grounds it will create huge noise disruption to our residential area. We have already suffered this with previous events especially at weekends when we can hear the noise in the house and have been unable to us our garden due to it. The owners do not appreciate our concerns. Also it will create huge traffic problems in the area. Bicester Heritage have made no effort to address these problems and this will make everything even more unbearable for the long suffering residents. Also there is a huge matter of the wildlife on the site and the pollution this will cause."/> |
