<b>Comments</b>	<input type="text" value="As a local resident I would like to object to this application. Primary concerns are traffic and noise. The site is already a cause of traffic congestion and nuisance noise with vehicles arriving and leaving the site. The addition of a perimeter motor / race track will be a cause of horrendous nuisance noise polluting and disrupting the local community. The surrounding area are enjoyed by residents for walking and exercise and this will be a disturbance to this. The traffic has already reached unbearable limits on the immediate road network and there is genuine concern of more congestion with further unnecessary developments at this site that does not benefit the community."/>
