Comments	<input type="text" value="Really like the proposal being put forward for Bicester Heritage site. I travel up to Bicester weekly for my job on site and to have all these new facilities coming will make make the site a class leader for automotive. Currently I am on site 2 days a week, using the local hotels and restaurants while I am visiting. With these new facilities I will be able to spend more time in the area to do my job using more of the local facilities. This will also give me more incentive to move into the area in the future! Really support this plan to grow the site!"/>
