<b>Comments</b>	<input type="text" value="My wife and I live in an estate directly opposite the Bicester Heritage site. Their track days can be very loud and disrespectful to local residents. I remember the sound of screeching tyres with all doors and windows locked lasting a whole weekend at one time. Over 40 complaints were submitted when this occurred and we were told that steps would be taken to monitor Bicester Motion's noise pollution levels at future events. I struggle to see how allowing an additional 3 tracks fits into this plan to monitor their noise levels. On the contrary this sounds like the council breaking its promise to monitor this, and instead allowing an increase in the frequency of these events leading to further noise, as well as air pollution and congestion."/>
