<b>Comments</b>	<input type="text" value="I object to the planning application due to noise pollution . Only living 300 meters from what is now gate 3 on the heritage site , the noise now is unbearable even with windows closed, when cars are racing around the track that is already there . On a lovely summers day sat in the garden , I can't hear myself talk as the noise is so loud . The smell of burning rubber from tyres is vile. The aircraft there are so much more loud . The noise has been extreme since the gliding club were kicked out. This site is going to cause more pollution on an already very busy Buckingham road . I moved to the parish of Caversfield for a peaceful life , not to listen to racing cars or endure very loud aircraft flying over my garden . The events already held at the site causes major traffic congestion. I do not appreciate cars racing round a bloody track at 9am on Sunday morning or any other morning . The noise is going to be even more unbearable which will have a detrimental affect on residents Mental Health . Caversfield field is a small parish and a lovely quiet village will be ruined by this development."/>
