Comments	<input type="text" value="I would like to make two points: i) Leaving Caversfield at peak times can be a bother as it is, if there is to be an increase in traffic, on event days etc, then I hope the plan includes some kind of traffic light system to allow residents to be able to come and go from the estate (Thompson drive) ii) They ran an event between lockdowns in 2020, and the noise level was ridiculous and it was reported back to me by the Council that they had breached noise levels etc. What kind of assurance is there that this will not be an ongoing problem? It was a great disturbance for 4 days, 2 of which were weekdays, with many people working from home. Overall I am not in support or against, however residents need to be considered for these 2 points."/>
