<b>Comments</b>	<input type="text" value="I would strongly object to this application, based on the following points. 1 - Extra traffic and noise, the roads will become even more congested. 2 - Caversfield will be used as a rat run, to avoid congestion from the Buckingham road. 3 - Extra pollution, (NOT GOOD) 4 - Who wants to live directly next to a race track (NOBODY) If I wanted to live next to a race track, i would have bought a house next to one. I feel I'm more than qualified to judge, as I regularly use race tracks for personal interest. With Silverstone Track just a few miles from hear, and many others, less than a 60 mile drive. There is no reason to build such a facility as this. I have never been to a quiet race track. There is no such thing. Even when the organisers impose 98db quiet days, There is still substantial noise pollution, plus all the other points I have mentioned above. Thankyou in advance, for reading, and considering, all my vilid points. Kind Regards Paul Baker"/>
