| Comments | <input type="text" value="There is already excess noise from Bicester Heritage on days when there are cars on the tracks. The plans will make this excessive, even more intrusive and unbearable to live in our home. As a parent of a child with a disability which makes her extremely sensitive to noise we will be unable to stay. We should not need to move to live peaceably . In addition there is a Care Home for the elderly and vulnerable (including dementia patients) just across the road from the site. The noise for the residents will be terrifying it is utterly unacceptable this these plans are even being considered."/> |
