Comments	<input type="text" value="I have already had a complaint upheld by environmental health in respect of excessive noise from cars racing around this site the application makes no offer of reducing it but if allowed will increase it significantly. The area is an airfield and technical works not a race track. There are many residents in the Garden Quarter who will suffer from noise intrusion if this goes ahead. The road infrastructure is inadequate for big events with Skimmingdish and Thompson both needing traffic lights now before the increased traffic from this application."/>
