Comments	<input type="text" value="We live across from the track and the noise is horrendous. It can start early in the mornings on weekends and the screeching of tires makes you feel unsettled. My daughter also has complex SEMH needs and struggles with the noise. In the summer we cant open windows on track days or sit and relax in our garden. The traffic also gets clogged up on the days when everyone arrives and leaves at the same time. Many people miss the turning and the junction to our road and drive way are used to turn around in. Not ideal for a residential area that most homes have children playing in this area."/>
