Address	<input type="text" value="7 Montgomery Road,Caversfield,Bicester,OX27 8FG"/>
Type of Comment	<input type="text" value="Objection"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="I have lived here in Caversfield for 24 years and have loved seeing the gliders overhead. In recent years our peace and quiet has been disrupted by loud racetrack noise over the heritage site. The noise seems to go on for ages. It really does spoil the enjoyment of sitting in the garden or even with friends as it sounds like we are at a race meeting. To think that this could go on 7 days a week and to a greater degree... I will retire in a couple of years and will want to spend a lot of time in my garden. This fills me with dread. We would seriously think about moving. The value of our properties would go down. We would get more noisy helicopters picking up and dropping off, they are noisy and have their engines running for ages before they take off.the roads would be gridlocked. The numbers of people they want to cater for will have to travel there, mostly by car. The roads here are bad now imagine what it would be like then? I can appreciate it would bring jobs to Bicester but places in Bicester are already finding it hard to recruit. Please don't underestimate the way the noise travels from the site. Its such an open space that the noise seems to ricochet around the houses and being near the front of the road, we hear all the noise from all of the events held on the site. That is it in a nutshell..... A noise- unacceptable noise disruption which would affect my quality of use of my garden and outside areas. B road infrastructure not fit for this proposed purpose."/>
