Proposal	<input type="text" value="Outline planning application for Automotive Experience Quarter comprising Commercial, Business and Services uses (Class E), Light Industrial (Class B2), Local Community and Learning Uses (Class F) and vehicle circuits (Sui Generis) with all matters reserved aside from that of access)."/>
Case Officer	<input type="text" value="Rebekah Morgan"/>
Organisation	<input type="text" value="Clerk to Stratton Audley PC"/>
Name	<input type="text" value="Mrs Davies"/>
Address	<input type="text" value="6 Greystones Court Kidlington Oxon OX5 1AR"/>
Type of Comment	<input type="text" value="Object"/>
Type	<input type="text"/>
Comments	<input type="text" value="See Attached My Objections are: Noise and pollution to both local residents and the wildlife currently dwelling in the adjacent quarry area of the site. Increased traffic having an adverse effect on rural life, development of surrounding roads to accommodate the rise in traffic and the subsequent need for urban traffic control and signage. It would support the further development of the site, particularly the quarry area, as much of the wild life living there at present will have been driven off by the noise and pollution. Having asked the question to Bicester Motion as to what animals, birds, insects, fauna and flora actually exists on the site at present, they were unable to tell me. This type of development is not only short sighted in view of global warming and the need for all of us to help mitigate the effects of pollution but also the future of Bicester. Bicester already encourages a large carbon footprint, visitors, trains, cars to Bicester Village, the planned Wolf Resort and Bicester Heritage. It may provide jobs and prosperity today but does not ensure a future for our children. Cherwell District Council should be looking at more sustainable and enduring development."/>
