Comments	Dear Mr Neville, I am objecting the planning permission for 21/01300/F as the plans as they stand will result in our loss of privacy. The proposed building will have two balconies on the first floor which will overlook directly into our back garden. It is clear that from document HN/116/05 there will not be any obstruction in between. Furthermore, they will have a direct view through our windows into our house, particularly through our two french windows on our ground floor and our upstairs back bedroom window. I have two small kids (both under five) and do not feel safe if someone could monitor their daily activities even unintentionally. Yours sincerely, Siu Lun Lo
