Comments	I would like to object to this application on the grounds of this area becoming overcrowded and the possible start of deprivation in Easington. The latter is due to the rule of precedence. As when the council approve one house to be converted into flats, there is strength in further arguments for the rest of street could be turned into flats. Of which streets like this can be seen in every in most cities in the UK. Additionally, the Easington Area, already has high density traffic. Whilst the need for extra housing is currently being met by the high number of new builds which are being completed. Finally it appears the applicant is from Nottingham, and therefore has no interest in the welfare or people of Banbury.
