Dear Linda

Thank you for consulting us on the attached discharge of conditions application. We can advise that we have been kept apprised of the proposals being made by the developer and we are aware that OCC Countryside have approved in principle the temporary and permanent diversion route proposals as shown on the developers plans.

The council would normally expect the PROW network to be maintained where possible however, we appreciate that this is not always possible to achieve with certain layouts. Any diversion proposal should therefore, provide the necessary improvements and enhancements to the PROW network to accord with our Local Plan Policy ESD17. We are satisfied that minimal diversions are necessary to enable the approved development to proceed, and have no objections to the discharge of the PROW conditions 19 and 20 attached to this application.

Kind regards

Judith
