Comments	<input type="text" value="Access 2.10 The site does feature an archway, however this is not for parents to use as an access point to the site. The current protocol at the school is that pupils are dropped off at the main school car park and that they then walk to other buildings such as this, as appropriate. There is therefore no change to the main access arrangement in this site and proposal. Stone Hill House, Stone Hill, Bloxham Please Note: the above statement does not work in practise. Parents frequently ignore school procedure and drive their large cars up Stone Hill blocking the road as they offload their children and their belongings. A further extension to the site will make an already dangerous situation far worse. In addition, the steep, narrow road of Stone Hill is now considerably busier after the transfer of Bloxham School's estate office to Park Close Annex last year. Large delivery vehicles use the narrow road every day where pupils from Park Close boarding house and pupils from Stone Hill House have to walk to their accommodation. We do wonder why Park Close Annex was not used for further boarding accommodation instead of moving the estate office and causing all the extra traffic down these narrow roads."/>
