Hello,

Planning application 21/01504/F had a target decision date of 22/06/21 but remains undecided currently. Please could you advise what the delay is in deciding this application and whether CDC has considered the detail of our response to this application?

Our response to this application was:

1. CDC need to understand the type of business that will be using the building (store and forward, processing and despatch etc).
2. The Owner should commit to a maximum number of vehicle movements (by type: Light Commercial, Heavy Goods Vehicle, Passenger Service Vehicle etc) resultant from the change of use and subsequent letting.
3. CDC should be asked how this usage will be monitored / enforced.

Regards
