<b>Comments</b>	<input type="text" value="I would strongly oppose this application. This lane is narrow and difficult to negotiate at any time. With further development it will be even more difficult because of increased traffic, no formal turning area (the land beyond the gate at the end of the lane is privately owned), plus the time of the building works, if this was passed, would be extremely inconvenient for all because of the width of the lane. Narrow village lanes were not created for development which would cause so much inconvenience to existing homes. I object to this application"/>
