<b>Comments</b>	<input type="text" value="I live in Charlotte Avenue so if you make 100+ cars drive past my house, this will have various detrimental consequences; the air quality will suffer, I have asthma and this air pollution will impact me directly. This area is an eco-development, so not only will you make things worse, the whole reason I bought this house was due to its rural location, surrounded by fields with minimum traffic. This was never mentioned when the property was sold to me. This eco-development should remain as it is. You do not have the right to it. We pay additional fees for its maintenance and additional traffic will mean more litter as well which our neighbourhood should not have to deal with."/>
