> Dear Mrs. Ford,
> I hope that this email finds you well.
> With regards to the planning for Elmsbrook, I would like to express my concerns as resident of phase 1.
> I am sure that traffic and pollution will increase as a result of the multiple passages on Charlotte Avenue.
> I am also very concerned about delays in getting to my workplace: the Banbury road is already an extremely busy artery and adding a traffic light to exit the estate will result in longer waits for us residents as well as those using the Banbury road to enter and exit Bicester daily. And again, stalling vehicles will produce much more pollution.
>
> Overall, I believe that creating an alternative exit-enter route for future residents of phase 5 and 6 would be the best solution and I know that many fellow residents think the same. I am surprised that this was not the plan all along!
>
> I will continue to follow the evolution and I am ready to send further comments to other levels, should the planned project not be amended.
> Take care.
> Regards,
>
