Comments	<input type="text" value="I would like to strongly Object to this planning application as the conclusion that Charlotte and Braeburn Avenues will be able to cope with the massive additional traffic generated is simply wrong! Please visit and try to drive your car over these road you will know what we are most concerned! The road is narrow and very close to the residential area! There are anomalies in the analysis, and the problem of bottlenecks near the school is not even considered (these are getting worse each year). The impact on the local road network will be Severe. Thanks for your consideration and attention!"/>
