FAO Ms C Ford

Dear Caroline

Thank you for re consulting Sport England on the above application.

Having reviewed the submitted documentation, I can now understand how the applicants are addressing some of the fundamentals of our Active Design principles which are to be included in the proposed scheme. This has have been helpfully set out in the *Post application design pack V2: Density, massing, character, site sections and green space November 2021* document.

As a result of this clarity, Sport England is now in a position to support this planning application.

For Clarity

Having reassessed the planning application in the light of the revised information, Sport England is supportive of this proposal therefore does not raise any objections to the granting of planning permission.

We would be grateful if you would advise us of the outcome of the application by forwarding a copy of the decision notice. We also be grateful if the applicants could engage with us as they build out the scheme, should they receive planning permission.

Yours sincerely,

Bob
