<b>Comments</b>	<input type="text" value="I find it very worrying that in this era of climate change, this developer seems to be showing total disregard for the whole principle and ethos of this estate and that is to be eco. My understanding is that the plans submitted for the number of dwellings are far greater than originally intended for this plot of of land. This will generate much more use of cars and the ensuing issues with it especially along Charlotte Ave which have been highlighted in great detail already. I hope that the planners will stick to the ethos of the NW Bicester Masterplan and deny this application."/>
