Good morning Linda

I have looked at the revisions to the above application and welcome the revised landscaping between the parking spaces for the affordable dwellings at plots 5 - 12 to provide sufficient space to allow for tree planting and other low level shrubs.

This helps considerably in addressing the issue I raised previously about the line of parking bays making the affordable dwellings stand out from the market dwellings.

I have no further comments on the proposed revisions, the affordable mix remains the same and as previously indicated this will meet a range of identified needs.

Kind regards  
Ewan
