

Comment for planning application 21/02180/REM

Application Number	<input type="text" value="21/02180/REM"/>
Location	<input type="text" value="OS Parcel 9507 South Of 26 And Adjoining Fewcott Road Fritwell"/>
Proposal	<input type="text" value="Reserved matters application for 19/00616/OUT - seeks approval of all reserved matters (excluding access as determined at the outline stage), namely, the layout, appearance, landscaping and scale for the development. Accompanying this reserved matters application submission is information relation to conditions 1, 5, 6, 7, 11, 12, 13 and 17 of 19/00616/OUT"/>
Case Officer	<input type="text" value="James Kirkham"/>
Organisation Name	<input type="text" value="Anthea Unsworth"/>
Address	<input type="text" value="28 Fewcott Road, Fritwell, Bicester, OX27 7QA"/>
Type of Comment	<input type="text" value="Objection"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="Objection to the Cala Planning Application 21/02180/REM I wish to object to this new application from Cala21/02180/REM on several grounds: The most important one is the ongoing sewage problem in Fritwell . This has been present ever since I've lived here (since 1975!) getting steadily worse as the number of houses rises & the promised improvement never happens. Sewage has been coming out of the manholes outside peoples' doors for years - also in Church Lane on occasions Recently we have had round the clock tankers 24/7 to stop flooding of properties in the village - to which there have now been added the houses in Covert Farm & George & Dragon Close - 15 in total. To add another batch 28 houses to this problem is in my opinion insane as it is likely to overwhelm the system completely. What is the legal situation if this happens after all the warnings that have been given? I've been given to understand that the relevant water authorities cannot be forced to do anything about it. Until something is done NO MORE BUILDING OF ANY SORT SHOULD BE ALLOWED! The objections I have made in the past to this proposal still stand - it breaks the conditions set by Cherwell D C about not extending village boundaries, not building on green land & not continuing to build in a village with one shop, virtually no public transport, no medical facilities & no availability of residents finding employment within the village & no means of accessing entertainment or work or pleasure or further education - (evening classes etc) outside the village unless you have a car and the car parking situation in the village is a nightmare already without the lack of enough proposed parking spaces in the new development. Cherwell lose all credibility when they set conditions & then break them themselves!! The proposal to use brick is totally out of keeping with the rest of the village - the other new buildings have had to use local stone in keeping with most of the village. There is also a blind bend at the entrance to the village at the point of entry by the proposed development which seems to be disappeared from the maps but makes the road dangerous. This area is also prone flooding."/>
