

Application no: 21/02177/DISC

Location: : Proposed Roundabout Access To Graven Hill And Wretchwick Green,
London Road, Bicester

Transport Development Control

Recommendation:

Objection to discharge of condition

Comments

- No information is given on the access route to the site for construction traffic. I would expect this to avoid existing residential roads, including within Graven Hill.
- Insufficient information is given regarding the diversion of pedestrian and cycle routes, however, this would be subject to the agreement with the Highway Authority in connection with licenses issued for the works.

A revised version of the plan dated July 2021 was submitted informally and I considered this acceptable. However, despite reminders, this does not appear to have been formally submitted to CDC. Therefore OCC Highways maintains its objection until the revised version is formally submitted.
