Proposal	Construction of a coffee unit with drive-thru facility and indoor seating with associated access, car parking, landscaping and servicing parking
Case Officer	Rebekah Morgan
Organisation	
Name	Jennifer Williams
Address	37 Vulcan View,Bicester,OX26 4AD
Type of Comment	Objection
Type	neighbour
Comments	<p>It would appear some of the residents of Vulcan View where I reside, have been sent a letter from Cherwell Valley District council advising them of this planning application but we at number 37, and several other residents have not received the same letter. Is there any reason for this? As a street we are strongly opposed any works in the form of a drive-through where it will bring even more unnecessary traffic, endangering those who use the footpaths and residents who have to pull out of Vulcan View turning left. With all the existing commercial space, currently unoccupied around the town and also on the high street, why on earth would you think this a good idea instead of encouraging people onto the high street again?! The town centre HAS to be reignited and it won't be if people are encouraged to be so lazy that they don't even have to leave their car to buy food. There are plenty of empty large units in the town centre currently which would avoid the need and expense of building something which encourages cars on the road, impacting our environment.</p>
