Comments	I do not think a drive through built in a green/forest space should be approved especially as it is so close to a care home where residents are literally surrounded by traffic and pollution from vehicles as it is. A drive through greggs would mean the home is surrounded by buildings. At the same time there are plenty of food options dotted around Bicester, and I feel a Greggs will not bring any benefits apart from a lot of rubbish being thrown on the surrounding roads (as we also see with the McDonald's unfortunately)
