Comments	<p>This proposal is preposterous and cannot be allowed to go ahead mcdonalds is a similar development, on a roundabout, that causes severe traffic congestion, this will do the same Traffic will cause increased pollution which goes against council plan to reduce pollution Bicester is already seriously congested and there has been no significant road improvement for decades The area is one of very few green areas left and it should be retained i fear this is yet another corporate development, motivated by money, the council is very weak to defend anything like this, the great wolf decision is proof. This town is being ruined by industrialism and it need to stop, it was once a market town, but not anymore</p>
