Comments	The development of Bicester and the surrounding area has occurred at a staggering rate with little or no consideration to the town's infrastructure or logistics routes. The town centre has been losing retail outlets at a staggering rate and many shops are now empty and have been so for a long time. What benefit is this Greggs drive through going to provide to the town, in this green field location? It's not needed or wanted by the townspeople. It's location makes no sense what so ever and will only be another eyesore on the edge of what was once a lovely town.
