Comments	Yet another beautifully wooded area going to buildings! Will as many trees be planted elsewhere to make up for this loss? Please consider our wildlife. I also feel that planning permission for this shows total disrespect and lack of consideration for the elderly who will be sandwiched between warehouses and retail and not living in a residential area, treating them like 3rd class citizens after all their contributions to society in life! Please consider them and wildlife when making this decision! Thank you. Another point is that the road between the roundabout to Launton and the Care Home roundabout is already far too narrow so requires widening and an arrow to the left in the left hand lane going into Bicester at the Care Hime roundabout for ease of traffic movement at present.
