Comments	<p>The proposed development is in a ridiculous location. Why on earth is the entrance shared with the care home? How disrespectful to the residents who have warehouses one side and potentially this on the other. A more suitable location needs to be found. Why not put the development nearer the roundabout by Launton itself, which has had a spare unused exit for many many years. If this development gets the go ahead it will prove the planning department has no respect for the residents of the town and no clear idea on what an eco town is supposed to be. More vehicle movements just to get a sausage roll, when there are multiple units in town that are and will remain empty.</p>
