Comments	<p>This is ridiculous. We have empty shops in the town centre we don't need more destruction of any green spaces in Bicester. Reuse what we already have this is not good for the environment, does not support reducing car use, will hinder cycling and will be yet another eyesore and making Bicester surrounded by warehouses and large buildings. We are supposed to be a garden town not an eyesore. This is adding more reasons to why people have to drive to go for nice walks as you have to traverse the horrible areas first to get to the countryside. Make this area wildlife friendly no more decimation of green land in Bicester use what we already have</p>
