Comments	I am very much in favour of a Gregg's drive through in this location. Greggs is a very popular food outlet with a very accessible price point for all. The location will alleviate roadtraffic in the centre of Bicester and provide an option to the North of Bicester, rather than having to drop to the South or into the village centre. The investment into the area is also a big plus to provide jobs not just for the running of the outlet, but also in the construction process.
