<b>Comments</b>	<input type="text" value="I am objecting to this application, as I find it difficult to accept even more development across the motorway from Banbury on green fields along the A361, bad enough with those faceless monstrosity buildings already being built - horrendous! Access on to A361 is not favourable and dangerous. The roundabout is already incapable of handling existing traffic. There are opportunities to accommodate such developments within Banbury , without having to destroy the environment and green field sites and spread beyond the motorway. The motorway should be used as a buffer and not build beyond that. There are some big holes in Banbury town centre where retailers have moved out of town, that is where focus should be given and to make it vibrant again."/>
