Comments	<input type="text" value="Green fields going at a rate of knots. MORE pollution. Total eyesore now without more coming. You only need roadworks or accident or even broken down lorry at junction 11 traffic light to create chaos without adding to it. Rejected on volume of increased traffic before, what's changed? I will certainly be going the other way to shop in Daventry or Towcester if this were to go ahead. What Banbury needs is more infrastructure. Too many houses not being supported by good roads. Everything grinds to a halt NOW early morning lunchtimes and evening. You only have look at Tescos roundabout and surrounding roads. This proposal would have serious knock on effect with traffic, traffic and more traffic, more pollution and noise. REJECT REJECT REJECT FOR THE SECOND TIME REJECT."/>
