Comments	<input type="text" value="The reasons the previous planning application was refused remain true so why is this even being considered? Traffic is already horrendous around that junction especially trying to access M40 and Banbury from the A361. The inclusion of hotel, petrol station and additional food outlets will increase traffic, pollution and noise to unacceptable levels for local residents. Bad enough current warehouses are being built there - more building will further impact on an area already subject to flooding."/>
