| <b>Comments</b>           | <input type="text" value="Why can't this development include an LPG / Autogas pump? There will still be many motorhomes / 4x4's / WW2 military vehicles left on the road for many years to come. Banbury is in a blackspot area for Autogas - I am having to drive to Leamington Spa for Autogas. Autogas helps me to run my petrol vehicle with the minimum impact on the environment. I would support this application if it included provision for an Autogas pump. Otherwise the development is of little interest to me and I probably would never visit it so I would object to it."/> |
