Comments	<input type="text" value="The application was rejected already because we don't need or want services spoiling the area so they should not be trying again. There are already services at junction 10 so we do not need more just one junction down. The M25 and other stretches of the M40 do not have them this frequently. Not to mention there is already a petrol station, M&S, McDonalds, Travel lodge, Costa etc just off the M40 roundabout. That road struggles with the amount of traffic already trying to get out at the M40 roundabout. Any extra traffic there will cause locals serious problems. The road is already going to be heavily affected for many years by HS2 traffic and lorries. The enormous warehouse that has already been built in a complete eyesore and should never have been allowed. It has completely spoiled the view and beautiful countryside. Not to mention the natural flood plane being an area that attracted many wild bird species. Enough development has already been allowed on the other side of the M40 and should never have been allowed to happen on this side as it is ruining an ancient landscape of beautiful ridge and furrow fields. The cattle that graze there will end up even more disturbed by vehicles and pollution."/>
