**Comments:**

The A361 approaching the Banbury roundabout cannot cope with the volume of traffic and already has buildup of traffic during peak hours.

There is a hotel less than 1 mile from this location and the current development has ruined this part of the country side. We don't require a filling station here there is numerous locations close by.

This development is completely unnecessary and will create further congestion on the already busy A361.

Is this development really necessary?!
