Comments:

The road where this building is planned will not cope with the amount of traffic being proposed here. This is a main route in to Banbury and would create massive delays getting to and over the motorway roundabout which already clogs up. The road is not wide and the site is not that big.

It is outrageous they changed the planning to build a massive warehouse and then ask to do the original buildings as well. Outrageous!

And that is without the damage being done to land on the opposite side of the motorway to Banbury. This has always been green space which has been ruined by the warehouse which was built with the change of planning. Thinking there is space for hotel, office, garage and food outlets is utter madness.
