Comments	<input type="text" value="A development of this scale will create an enormous increase in traffic on the Junction. This will cause backups along Hennef Way which will effectively create major traffic jams throughout Banbury. Local people will use the town even less if the traffic gets worse, creating even more empty shops and reducing employment. There are already 2 petrol stations on the M40 at junction 10 and south of Warwick, a third one is unnecessary."/>
