Comments	<input type="text" value="I object to the application for planning on the following grounds: Virtually the same same application has been rejected on previous occasions The site would attract litter, anti-social behaviour & increased traffic congestion The M40 already has two service areas within a few miles Banbury as a town would benefit absolutely nothing from this development, indeed, it would be another death knoll for the town centre More green space lost & if this eyesore is achieved then more creeping development would undoubtably follow"/>
