<b>Comments</b>	<input type="text" value="We in the local area do not need more fast food outlets, empty hotels and more storage/warehousing. The A361 is the most connected road at the best of times, causing people to rat race through the villages to cut out the motorway and hennef way roads and roundabouts. Throw in the construction of HS2 with 40 plus lorry per day we DO NOT NEED motorway traffic having a choice of left or right hand services. Esso already has a well established filling station on the other side , even with it's own little fast food eatery. This is the worst use of this land. Local villages along the A361 who need to go to work will struggle through even more traffic issues, teenagers who are at an age of allowed independence who want to cycle to town will not fee safe doing so due to the increased traffic."/>
