Comments	<input type="text" value="Unfortunately I would have to lay an objection to this proposal. The traffic going from Middleton to Banbury already at this round about is already damaging to my quality of life and health on a daily basis. More than a few times a week it can take 15 minutes or longer to go over this round about and this increased traffic is a hazard to the area and a threat to business in Banbury. There are also an increasing number of cyclist using this round about and with the increase traffic a cycle lane is a must. This site must have direct access off the motorway for me to not object it can't have access here it's a danger to livelihood in the area."/>
