Comments	<input type="text" value="What a ridiculous plan!! Given the amount of traffic in the vicinity already, this development will only increase pollution of both air and noise. I know all about the dodgy ways that traffic assessments are undertaken. Look at the bigger picture CDC, think about the residents of this area, and those that work and already commute via this junction. Quite frankly Banbury is already a shit hole that will only be made worse by allowing this hideous development. There is more to life than money and land grabs by greedy developers. To the councillors, I say to you. Think about who votes you in (or out) based on your decision making. This development is not what the people of Banbury want or need, this is not what anyone needs. Allowing the gateway project to be built has had a detrimental effect on Banbury town and Castle Quay. Both of which are invested in by the people through the council (though without a referendum). Protect our investment, not waste it on shitte like this."/>
